Best Practices In Healthcare

Computer Classes

JOURNEYMAN ENHANCEMENT CLASSES

Enclosed you will find classes that will be offered for the remainder of 2010 and through the first half of 2011. Notice that some of the classes will be held in Hobart, while the others will be held in Lafayette. If you are interested in any of these classes, please call the office to have your name put on a list.

There is a limited number for each class, so if there are any classes you are interested in, please call and have your name added to the list. **Some of these classes may be full simply because of the ongoing lists we keep in the office.** Do not get discouraged if the class you are wanting is full. Your name will remain on the list until we are able to meet your request for that class. When a date has been determined we will call you to inform you of this information. **You will not automatically be in that class until you confirm your reservation with a call back to this office.** Additional classes will be added to this list to fulfill the needs of the members and contractors.

Just a reminder for you to check your scaffolding card and any other certification, or qualification cards for expiration dates. If you have any questions or comments feel free to contact me at our toll free number (877) 500-4227.

Fraternally,

Ron Simko
Area Training Coordinator
Hobart Campus – (219) 947-3348
or Toll Free (877) 500-4227
Lafayette Campus – (765) 447-5959
